Case Study

Client: DHL, Ipswich

Project Date: 2018

Project Management Service including:

- Space planning and design
- Bespoke and standard office furniture

Inspirational office furniture refurbishment for global market brand DHL GBS Insurance and Risk Management.

MACOI were delighted to partner with DHL GBS Insurance and Risk Management when the company relocated across town from London Road to the Martlesham Heath area of Ipswich, Suffolk.

The brief:

With the relocation imminent, DHL had a clear vision to create an inviting and inspirational workspace for the team of 25 employees who would be moving into the newly refurbished offices.

After initial conversations, we were delighted to be invited to partner with DHL to develop concept ideas and to analyse their corporate requirements; and as specialists in

design, we were able to incorporate imaginative thoughts into inspirational space designs that accommodated the business requirements that would also allow for adaptability and flexibility for continued growth.

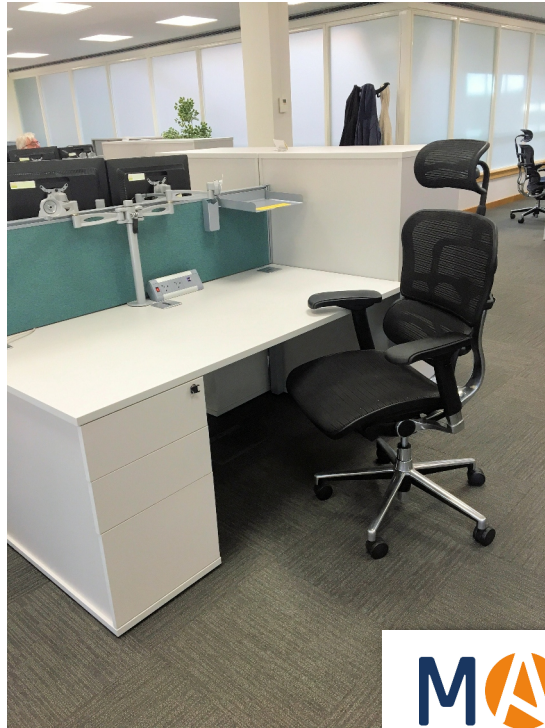

As independent office furniture dealers, MACOI were successful in supplying an innovative range of furniture to furnish offices, meeting rooms and a kitchen area from some of the largest UK manufacturers including Imperial Office Furniture, Gresham Office Furniture, MDK Office Seating and Comfort Seating Group.

We're delighted to have received great feedback from the DHL team who are now comfortably set-up in their new work environment.
