Suffolk.

Project date: December 2015

Project Value: £100k

Project Management Service including:

- Space planning & design
- Detailed installation and delivery schedule
- Detailed risk and method statements

Goldstar Transport are a well established Haulage company with an annual turnover in excess of £80 million per year.

MACOI Ltd are delighted to have partnered with Goldstar for their office refurbishment project. The brief to MACOI was to deliver a cost effective open plan office environment at their new offices at the Port of Felixstowe, Suffolk.

The initial stages of the project was spent analysing the various teams within the Goldstar organisation, our conclusions resulted in the size of the new building being increased to ensure it could accommodate all of the work force.

As independent office furniture suppliers, we provided a quality range of furniture from some of the most prestigious manufactures in the UK/ Europe including; Gresham Office Furniture, OCEE Design, Hands of Wycombe and Bralco Office Furniture.

As well as the general offices, MACOI supplied innovative furniture for the director and managers offices, drivers canteen and a welcome reception area.

By working with the Goldstar IT team all the power and data was correctly located making the office move from their previous building a seamless affair.

Testimonial...

"We have always experienced an excellent service from MACOI Ltd, their expertise and support made partnering with them for our new Felixstowe offices easy. Our team and management are thrilled with our new office furniture refurbishment, the standards of service and aftercare have been delivered with exceptional results".
