A modern and engaging new teaching and learning environment creates uplifting and inspiring surroundings for young minds.

As appointed partners with President Kennedy School, MACOI were delighted to provide a dynamic design package and facilitate a complete project managed refurbishment for the brand new education facility in Coventry.

The outstanding School is committed to Building Brighter Futures and is a member of 'The Futures Trust' who offers a broad and balanced curriculum to all students.

The brief was to provide creative and innovative education furniture solutions for areas throughout the school including classrooms, staff rooms, break-out areas, dining areas, ICT suites and administration offices.

As experts in space design, MACOI introduced bright colours to compliment the buildings aesthetics, partnered with the latest market leading and innovative education furniture to create an exciting interior, with modern and vibrant character.

"We're thrilled to have been involved in the project with President Kennedy School; successfully providing teachers and students with a professional and stylish environment to enjoy", said MACOI Account Manager, Steve Robinson.

Testimonial

"Many thanks for the fantastic service you have provided in delivering the new furniture for our new school. The furniture looks fantastic; staff, students and visitors have commented that the school has the feel of a university.

The conference room furniture has been noticed in particular with comments that it would not be out of place in a high end lawyers' offices.

We have placed several additional orders which have been quoted for promptly and delivered as requested. The teams of staff you have sent have been well organised and professional.

We would not hesitate in recommending your company to other schools and organisations."

Megan Eastaugh
