

Case Study

Client: St Gabriel's CofE Academy, Rugby

Project Date: Summer 2018

Project Management Service including:

- Tender Process
- Space planning and design
- Risk assessments and method statements
- Delivery and installation schedule

Inspirational and exciting learning environment for new flagship school.

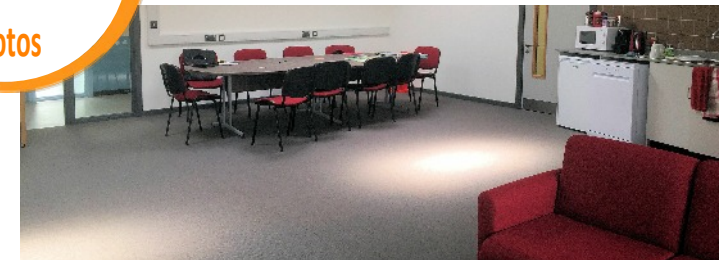

Working in partnership with Urban&Civic Plc and Stepnell, MACOI were thrilled to be involved in the refurbishment of the brand new flagship school in Houlton Rugby, following a successful tender award to source, supply and deliver loose furniture throughout the school.

Partner insight:

Urban&Civic Plc are Master Developers with offices in Rugby and across the UK. The business has over 25 years of experience and expertise with a specific focus on the delivery of strategic sites nationwide. Stepnell are construction specialists who have a proven track record in creating innovative learning spaces that truly enhance student experiences.

The Brief:

As part of our full project management service, Contract Manager Steve Robinson attended site visits, prepared inspirational design plans and sourced furniture from some of the UK's largest and most prestigious educational furniture manufacturers including: classroom tables, classroom chairs, soft seating, storage, and staff-room furniture.

The school and construction team had a strong vision of what they wanted and together we have transformed the new school into a fresh, inspirational and exciting learning environment that students and staff can be proud of.

Testimonial:

We are really pleased with the new furniture now in our classrooms, they are really starting to look the part! Ready for our first pupils in September...

Andrew Taylor, Headteacher

Full project management service including:
space planning and design

Fully upholstered soft seating chairs chosen for their durable style and stability.

Upholstered deep cushioned sofa style seats chosen to compliment a busy break-out space.
