

FURNITURE & INTERIORS
TO TRANSFORM YOUR SPACE

Case Study

Client: Portal Voice & Data, Norfolk
Project date: January 2015
Project Value: £20k

Project Management Service including:

- Space planning & design
- Standard & bespoke furniture solutions
- Risk & method statements completed

The Portal Voice and Data relocation required a project managed solution to refurbish new premises in Norwich, Norfolk.

MACOI Ltd completed detailed space plans including the proposal and design of a bespoke multimedia unit. Areas of refurbishment included Office and Meeting /Presentation Room furniture.

Additionally, MACOI Ltd provided seating demos and completed full risk and method statements prior to the installation.

Testimonial...

“From the outset we found MACOI’s input regarding office layout and suitable types of furniture, to be invaluable. We are very pleased with the high quality of the furniture supplied and found the installation process to be very efficient.

While there were a few ‘snags’, the process for dealing with them was prompt and without dispute. We are most satisfied with the finished product now it is in place in our new offices.

All of the Portal staff are happy with their new office furniture and in conclusion, thank you very much for a job well done and for your guidance in all the technical side of things, without which I would not have known where to begin”.
